This new book in the BFI's World Directors series provides a detailed introduction to the essential themes, style and aesthetics of Pedro Almodóvar's films, put in the context of Spain's profound cultural transitions since 1980.

With precise and close analysis, the book covers the major concerns of the most successful of all Spanish film directors and makes direct, clear connections to the logic of Almodóvar's aesthetic and stylistic choices. By spanning the entirety of Pedro Almodóvar's feature-making career, it emphasises the director's sensibility to make the outrageous believable and to always give a unique spin to the issues of Spanish history, culture and identity.

A detailed and comprehensive approach to all of Pedro Almodóvar's feature films from the outrageous *Pepi, Luci, Bom and Other Girls on the Heap* (1980) to his most recent film *Volver* (2006), this book provides more than just an introduction. It is an intimate look at the topics, style, aesthetics and cultural sensibilities of Spain's most distinguished and celebrated film director since Luis Buñuel.
