

Early American Film Journals: Publication started before WWII (arranged by journal type)

N.B: This list only contains titles for which we have a fairly substantial run of issues. The holdings range given does not however indicate a complete set. Please check SIFT for exact location details as many journals have changed title over the course of their run and might be filed in different locations eg. Oversize sequence.

LM = 'Little Magazines' microfilm series

LM2 = 'Little Magazines' second microfilm series
