Networking events and drinks for Industry and Filmmakers

Throughout the Festival, we will host several Networking events targeted at our Industry and Filmmaker Delegates with the aim of bringing together like-minded, creative professionals to inspire future collaborations. These will include events focused on documentaries, debut talent, British film, World Cinema and
Experimenta. RSVP only, for accredited industry and filmmaker delegates, subject to capacity. More information will be available close to the festival.

**Access to public weekday matinee screenings**
With your Filmmaker delegate badge, you can also attend weekday matinee screenings of the public programme. All you need to do is present your badge at the box office at the specific screening venue and you will be issued a ticket, subject to availability. Please note, public paying customers will be prioritised in the queue. One ticket per delegate badge, unless otherwise specified. Admission to all screenings is at the discretion of LFF Box Office staff.

**Access to Public evening screenings**
As a Filmmaker delegate, you can attend selected evening screenings of the public programme. Eligible films with availability will be announced on the Delegate Microsite on a running basis, normally with 72 hours’ notice. Tickets will be issued subject to availability from 30 minutes prior to the start of the screening. Please present your badge at the box office at the specific screening venue. Please note, public paying customers will be prioritised in the queue. One ticket per delegate badge, unless otherwise specified. Admission to all screenings is at the discretion of LFF Box Office staff.

**Access to other Industry Events and Panels**
The Greenlighters talk series features leading UK and international film executives choosing a title they love in the Festival and talking informally with the filmmaker, giving real insight into their own film tastes.

The Academy of Motion Picture Arts and Sciences (AMPAS) is hosting a panel and networking breakfast to highlight the global filmmaking industry and discuss the Oscar® Foreign Language Film Award. Academy representatives will be joined by Oscar-winning filmmakers who will reveal the impact the award has had on their career.

Diversity event: The British Film Institute is bringing together the UK film industry to debate and discuss progress on its ground-breaking ‘three ticks’
strategy to encourage diversity in the UK screen industries, both behind and in front of the camera. Through first-person testimonies and case studies, the conversation will focus on how to build on the progress made and why ‘three ticks’ is being further expanded.

**Market Place Live** is an entertaining, interactive journey through the life of a fictional feature project from development to release. The audience helps an experienced industry panel make decisions about the best way to nurture a project from inception to screen. The popular event is run by Film London as part of the Production Finance Market’s Micro Market and is open to filmmaker delegates.

Furthermore, a limited number of places are available to the **PFM keynote** speech and to the PFM’s LFF case study panel. RSVP only.

**Working with China:** The BFI and UKTI in partnership with the BFC will be running workshops with senior production and international focussed-executives from some of the top Chinese companies at Picturehouse Central. The workshops will provide relevant content around collaborative working practices with China. Discussion topics include the benefits of the co-production treaty, censorship, co-financing, screenwriting, script development, local and international distribution and cultural issues around the process of working together.
